Foresight Shipping

Who We Are

- ▶ Foresight Shipping is a flagship division of the Foresight Group.
- ▶ Foresight Shipping excels in safe sea transportation of LPGs and specialised cargos.
- ▶ Over three decades, it has operated multi-purpose ships, tankers, reefers, container ships, and cruise liner.
- ▶ Since 2021, the Shipping division has prioritised acquiring gas carriers for expansion.
- ▶ Vast experience in the shipping sector, skilled in global LPG trade.

Why It Matters

- ▶ We are committed to Safety, Compliance, Reliability and Sustainability.
- ▶ These pillars shape our performance and guide our actions.
- ▶ Long-term partnerships built through trust and quality.
- ▶ Leasing offers shipping firms steady, diverse sources of revenue.
- ▶ High-quality services delivered with a partnership mindset.
- ▶ Our clients trust us for dependable and value-driven solutions.

What We Do

- ▶ We secure suitable and cost-effective solutions for shipping needs. Leveraging our network and market insights, we handle negotiations, contracts and freight arrangements.
- ▶ We own and operate vessels, empowering our shipping division to grow through streamlined and efficient operations.
- ▶ We invest in quality ships and charterer out gas carriers, cutting clients' fleet investment needs.
- ▶ We manage the vessel's operations, maintenance, compliance, ensuring ships are deployment-ready.
- ▶ Our vessels operate globally, with a strategic focus on South East Asia related trade routes.

Ever-growing value. Everlasting value.

Growth Story

1984

Foresight Group founded in London, UK as a maritime business

1985

Operated the famous crude oil tanker shuttle service during the Iran-Iraq war

1987

Purchased its first VLCC tanker 'M V Trade Reliance' for use in the shuttle tanker service

1989

Built two own refer vessels "Amer Fuji" and "Amer Himalaya" in Japan.

1994

Purchased another large Reefer ship 'Amer Everest'

1998

Introduced the group's first high yield bond issue worth US\$100mln in USA.

2002

Successfully completed the restructuring of the bond issue and managed to retain 100% ownership of its reefer fleet.

2005

Acquired two German-built container ships to expand its shipping business

2006

Acquired two Aframax tankers that were successfully in operation till Dec-2021.

2008

Profitably sold all the Reefer ships, just ahead of the financial crisis

2018

Purchased a VLCC tanker and successfully operated for oil majors.

2021

Foresight Shipping forayed into LPG Shipping with acquisition of Surya Veerya

2022

Acquired our second VLGC Sarv Shakti, third VLGC Vishvakarma, and fourth VLGC Mansarovar.

2025

Acquired our fifth VLGC Kedarnath and sixth VLGC Badrinath

Ever-growing value. Everlasting value.

Asset Overview

ForesightGroup has a fleet of 6 gas carrier with an average age of 14.6 years.

Financial Highlights

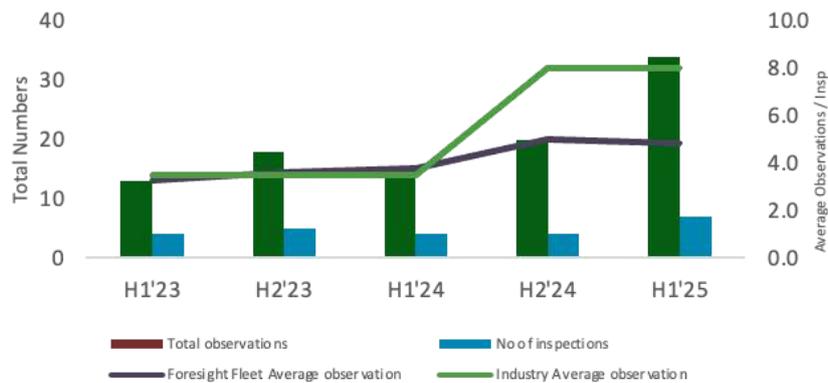

Financial health is reflected by strong revenue, EBITDA, and total assets growth, indicating improved profitability, operational strength, and efficient asset utilisation over time

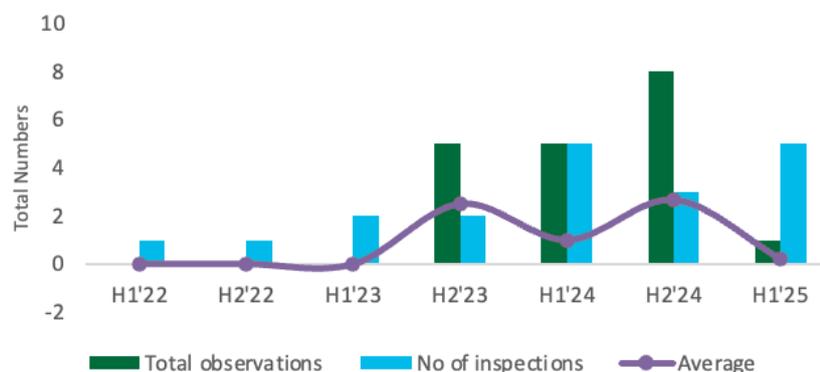

Vessel Performance

At Foresight, safety is not a metric - it is a culture, a discipline, and a way of life. Robust management system forms the foundation for achieving a vessel's safety, operational standards, and crew quality.

SIRE: Our vessels successfully met top oil majors' inspection standards, reflecting exceptional safety and compliance performance.

PSC: Our global fleet consistently meets PSC inspection benchmarks under major MoUs, ensuring compliance and excellence.

Ever-growing value. Everlasting value.
